

Welcome To Our Palm Beach Gardens TOPSoccer Program

Our Free TOPSoccer (The Outreach Program for Soccer) Program is a community based program that is designed to meet the needs of children and young adults that have physical and/or intellectual disabilities ages 5 to 19. The program is geared towards player development rather than to competition.

What should the player's Parent/Caretaker expect . . .

- That it will be a fun and meaningful experience for their child.
- That the games and activities will be adapted in ways that ensure the child will learn at his/her own pace.
- Practices/Activities and games will be well organized.
- The program will improve the overall fitness, self-esteem and social skill of the child.

Helper Buddies (typically students ages 12 – 18) are also incorporated into our program to help the coaches run the activities. Each player will be matched with 1 to 2 Buddies during the sessions.

**Our Upcoming Spring 2019 TOPSoccer 14th Season Runs:
Sep 9 (opening day) through Oct 28 (closing day).**

Orientations will be held prior to the season, dates to be determined

To Register Players please visit: www.GardensTOPSoccer.com
